

# XIII International Conference on the Applications of Magnetic Resonance in Food Science

June 07 - 10, 2016, Karlsruhe, Germany

Visit us at  
[MRFood2016.gvt.org](http://MRFood2016.gvt.org)

The conference provides an opportunity to meet specialists from industry and university from all over the world in the field of applications of magnetic resonance in food technology. Be a part of it!

# XIII International Conference on the Applications of Magnetic Resonance in Food Science

June 07 - 10, 2016, Karlsruhe, Germany

Chair: G. Guthausen, KIT/Germany

Submission of abstracts, registration: [MRFood2016.gvt.org](http://MRFood2016.gvt.org)  
(Template for download available)

## Focus items

- ▶ Pulse sequences and high field NMR spectroscopy
- ▶ Low field NMR
- ▶ Imaging and diffusometry
- ▶ EPR
- ▶ Quantitative NMR in food science and technology
- ▶ Foodomics
- ▶ Authenticity, safety and quality
